One moment – Various options.

Configure your dream system freely from a choice of five M-Camera models and one of 19 different lenses. When selecting your camera body, you can choose ...

## VERSATILITY

Leica M (Typ 240)

The Leica M (Typ 240) benefits from more than 50 years of experience with the rangefinder system. At the same time, it combines these benefits with state-of-the-art digital technologies. Its video and Live View functions plus the extra large 1800 mAh battery make it and the Leica M-P the most versatile members of the Leica M-Camera family.

## UNIQUE

Leica M Monochrom (Typ 246)

Black-and-white is the essence of the art of photography. For the 24-MP, full-frame CMOS sensor of the Leica M Monochrom, this means that it can capture images without the usual colour filters in front of the pixels. Luminance values are measured directly at the sensor. The result: 100% sharper black-and-white pictures with previously unimaginable depth and clarity.

## DIGITAL RANGEFINDER CAMERA

### CONCENTRATION

Leica M (Typ 262)

With the Leica M (Typ 262), we have created a camera that perfects the art of minimisation. Its clear, logical and innovative handling concept makes it particularly easy to find your way around as a newcomer to the world of rangefinder photography. The set comes complete with the powerful Leica SF 40 flash and the practical ONA system bag "The Bowery for Leica". You have the choice of a fast lens from the Summarit line (f/2.4) with a focal length of 35, or 50 mm, or a double-pack with 35 and 75 mm lenses.

Set includes M (Typ 262), flash SF 40, ONA system bag "The Bowery for Leica" and ...

## ANALOG RANGEFINDER CAMERA

### SPONTANEITY

Leica M7

The pure joy of photography, anticipation of the finished results and the wonderful feeling of having captured a fleeting moment for ever on film – the classic role of the Leica M7. This classic camera for 35 mm film comes as a set together with a Summicron 50 mm f/2 standard lens.

Set includes M7 (black chrome) and Summicron-M 50 mm f/2 (black anodized)
